FREE CPD COURSE

QuickStart: A CPD toolkit for primary teachers

In these Workshops and TeachMeets, we will discuss the new Computing Curriculum, with taught sessions covering core Computing theory for KS1 and 2. We will also develop an approach to facilitate a whole school cascaded rollout of CPD for all teachers back in your home schools.

You will get a resource pack for this.

Progress and tips will be shared through two Computing At School Regional Hub TeachMeets, opened to a wider audience.

For more information go to:

QuickStart Computing

<http://primary.quickstartcomputing.org/index.html>

The theory covered will also support staff following the
BCS Certificate in Computing Education

BCS Certificate in Computer Science Teaching

Workshops

11th March 2015 Mounds Bay Academy 15:30 - 17:30
Session 1: Introducing Computational Thinking

25th March 2015 Mounds Bay Academy 15:30 - 17:30
Session 2: Introducing Programming

TeachMeet

15th April 2015 Mounds Bay Academy 16:30 - 18:00
Computing At School Regional Hub Spring TeachMeet

Workshops

22nd April 2015 Mounds Bay Academy 15:30 - 17:30
Session 3: Understanding Technology (Devices and Networks)

29th April 2015 Mounds Bay Academy 15:30 - 17:30
Session 4: Understanding and Teaching eSafety

12th May 2015 Mounds Bay Academy 15:30 - 17:30
Session 5: Planning & Assessing a Computing Scheme of Work

20th May 2015 Mounds Bay Academy 15:30 - 17:30
Session 6: Delivering Effective CPD and Skills Audits

10th June 2015 Mounds Bay Academy 15:30 - 17:30
Session 7: Feedback from Classroom Practice

TeachMeet

17th June 2015 Mounds Bay Academy 16:30 - 18:00
Computing At School Regional Hub Summer TeachMeet
